Signal Safety Committee meetings are held 3 times a year across the country.

What to expect:

The Open meeting is full of presentations, speakers, and updates on items that the committee has been working on for the association.

We are excited to announce that this meeting will include a very informative training opportunity! The Signal Safety Resources Team is conducting our Brand-New: [Innovating Performance –The Human Performance \(HP\) Seminar](#)

The Committee meetings will be one October 24<sup>th</sup>, and they will split into to two subcommittees: Shipyard / Marine Construction and Marine Terminal, you will be able to attend the appropriate subcommittee.

By joining the committee meetings, you will get to see on what we have been working for the mutual members. Come and share ideas, ask questions, and let the committee know if there are things you are looking for.

***Free breakfast and lunch both days!***
