

SMS Workshop

A Focus on Employee Involvement and Engagement

A comprehensive Safety and Health Management Systems (SMS) is essential to reduce risks and continually improve safety performance. This course is the first in what will be an ongoing series of courses centered around the key elements of a safety management system:

- Executive Commitment
- Employee Involvement
- Organizational Integration
- Metrics and Continuous Improvement
- Best Practices

The interactive workshop, facilitating Member-to-Member conversations will drive methods to improve or build stronger employee engagement and active involvement to drive a culture of safe work practices.
